

THE DATA

RESOURCES FOR OUR REGION

DATA

Where to pull from

We, and you as providers, know our community, and that is why we felt it would be best to use the data we already have using local resources as well as

census information, to drive our community impact process.

In moving forward, please refer to the attached website information, reach out to local providers, or if

you have your own data, by all means, use that too.

This information is a guide, so that if you were unfamiliar of where we pulled our information

from, you would be able to extrapolate or dig deeper.

Yes, there are more resources that we haven't

included and if you use those in your CI proposal please refer to them so we can research them as well.

LIFE IT IS NOT JUST A SERIES OF CALCULATIONS AND A SUM TOTAL OF STATISTICS, IT'S ABOUT EXPERIENCE, IT'S ABOUT PARTICIPATION, IT IS SOMETHING MORE COMPLEX AND MORE INTERESTING THAN WHAT IS OBVIOUS.
